

REPORT ON NATIONAL CHAMPIONSHIP
PREPARATIONS
(AS AT FEBRUARY, 2005)

Preparations for the Eagle Pack 2005 National Championship are progressing well. Apart from a great site, judges have been contracted and Jason Ferris has accepted the position of Trial Manager. Potential stewards are being contacted. Spacious camping facilities with clean toilets and shower facilities have been reserved for our use at very reasonable rates. A function hall at the Jugiong reserve has been booked and catering arrangements are well under way.

Great trophy tables for both the State and National Championships are being prepared, and specialised memorabilia including caps, polo shirts, stubby-holders and a selection of wines specially labelled with the National logo have been ordered.

A complete information package which will include the full schedules for the National Championship and lead-up trials is being prepared. This package will include information and booking forms for functions as well as accommodation and tourist information. It is anticipated that this information package will be mailed to all potential competitors soon after our meeting on 10th April. (Please see attached flier).
